CERTIFICATIONS

AI Infrastructure & Operational Fundamentals | Nvidia(Coursera) | Feb 2026

- Learned AI infrastructure, GPU computing, and scalable AI operations through NVIDIA's AI Infrastructure and Operations Fundamentals course.

Full Stack Developer | OneRoadmap | May 2026

- Learned to build and deploy full-stack web applications using modern frontend and backend technologies, with hands-on experience in databases, APIs, and responsive UI development.

ACHIEVEMENTS

MATRIX 3.0 Tech Carnival Hackathon | InternWare, IITM Janakpuri | Apr 2026

- Shortlisted among Top 10 finalist teams. Built an AI-powered mock interview platform featuring resume-aware interview generation, real-time adaptive questioning, and detailed candidate performance analysis using LLMs and voice interaction.

Paranox 2.0 Hackathon | TechXNinjas, SRM Delhi-NCR | Jan 2026

- Participated in Paranox 2.0, a hackathon organized by TechXNinjas, representing SRM IST NCR Campus. Collaborated with a team to develop innovative solutions under tight deadlines, strengthening problem-solving, teamwork, and technical development skills. Gained hands-on experience in ideation, rapid prototyping, and working in a competitive, high-energy environment.
